<p>ht z u r A u s w a h l d e s In st al la ti o n s or d n er s fü r D at a st or e</p>	 <p>The screenshot shows a window titled "hapec Xstream - InstallShield Wizard" with a close button (X) in the top right corner. The main heading is "Datastore Folder". Below the heading, there is a text instruction: "Click Next to install to this folder, or click Change to install to a different folder." To the right of this text is a download icon (a grey rectangle with a white arrow pointing down). Below the instruction, there is a folder icon and the text: "Install hapec Xstream Datastore to: C:\Program Files (x86)\hapec\Xstream\datastore\". To the right of this text is a "Change..." button. At the bottom of the window, there is a progress bar labeled "InstallShield" and three buttons: "< Back", "Next >" (which is highlighted with a blue border), and "Cancel".</p>

<p>1 1 a g e r i n R e i t e r D I E N S T E w e c h s e l n</p>	 <p>The screenshot shows a web application window titled "hapec Systemmanager". The interface includes a top navigation bar with tabs: "DATEI", "DATA ACCESS LAYER", "AUFGABEN", "EREIGNISSE", "PLUGINS", "DIENSTE" (which is highlighted in orange), "SICHERHEIT", and "LIZENZEN". Below the navigation bar, there are two buttons: a green plus sign labeled "Hinzufügen" and a grey minus sign labeled "Entfernen". The main content area is mostly empty, with a small icon in the bottom right corner representing a folder containing a database cylinder and a document with a plus sign.</p>

<p>1 2 re c ht s kl ic k e n u n d I N S T A L L I E R E N w ä h l e n</p>	 <p>The screenshot shows the 'hapec Systemmanager' application window. The 'DIENSTE' (Services) tab is active. Under 'Dienstverwaltung' (Service Management), there are buttons for 'Installieren', 'Deinstallieren', and 'Konfigurieren'. Under 'Dienststeuerung' (Service Control), there are buttons for 'Dienstverwaltung' and 'Dienststeuerung'. The 'Xstream Engine' service is highlighted in orange. A context menu is open over it, showing 'Konfigurieren', 'Installieren', and 'Deinstallieren'. A tooltip for 'Xstream Engine' is displayed, stating: 'Die 'hapec Data Access Layer Engine' ist die Voraussetzung für alle weiteren Dienste und Funktionen von hapec Xstream.' In the bottom right corner, there is a logo consisting of a circle of orange squares around a grey cube.</p>
